## Since

## 1962

### History

Bricks 'n Basil was founded in 1962 by Sam and Shirly Ortisi, Italian immigrants from Sicily. We have proudly owned and independently served as a family since then. Our recent rebranding hasn't taken our charm or dedication to family-owned-and-loved recipes. Locals love us, travellers have to visit us, and competitors hate to see us. We have been a locally supported and hope to continue our story for generations to come; providing comfortable, high-end Italian pizza for the community.
